

PLAN - flight deck and forward cabin, viewed from above

Scale 110 pt per metre. Same scale as the side section below.

SIDE SECTION - on the aircraft centreline

GEOMETRY REFERENCE SCHEME

STA fuselage station, mm aft of the nose reference
WL waterline, mm above the flight deck floor
BL buttock line, mm from the centreline (BL 0)

The scheme is defined here. The values against it are not.

- TBD Design Eye Position and its tolerance
- TBD External vision envelope, over-nose and over-side
- TBD Seated reach envelope to each panel zone
- TBD Seat adjustment range and the seat-to-DEP aid
- TBD Flight deck access and emergency egress routing

This drawing defines the arrangement and the reference scheme.
It does not close the open items; those are listed in
VAY-HF-0001 section 4.3 and carried in section 11.2.

COCKPIT GENERAL ARRANGEMENT

Plan and side section. Geometry reference scheme.
